26' PLAN

Commander Features & Equipment

Standard Commander Features

- Textured walk around dock facilitates docking and fishing.
- Large aluminum fuel and fresh water tanks situated on centre line to avoid variation in boat trim from changes in fuel and water volume.
- One piece deck design eliminates use of windows as structural components avoiding leaks and breakage inherent in conventional design.
- Upholstered lower helm seat situated well forward for superior vision when under way.
- Enclosed standup head with recessed medicine cabinet, vanity with sink, shower mixer, shower curtain and self draining fiberglass base.
- Teak galley with propane stove and oven, 12 volt refrigerator, sink, four drawers and cupboards, free counter space and a pullout cutting board.
- Pressurized fresh water system provides hot and cold water on demand at both sinks and at shower head.
- Foreberth privacy ensured by full bulkhead and louvred teak door.
- Upholstered four place dinette converts quickly to double berth.
- Drapes or curtains on all windows and windshields.
- Extensive storage forward of bridge bulkhead, in cockpit, engine compartment, under foreberth and dinette, and in galley drawers and cupboards.
- Easily cleaned insulated bait and catch tanks with fiberglass covers to protect and preserve your fish.
- Locking fish rod box in cockpit area protects and stores fish rods.
- Self bailing cockpit with large scuppers.
- Full width fiberglass swim grid with molded hand holds to simplify recovery of swimmers and their equipment.
- Circuit breaker protected shorepower connection with 110 volt outlets at galley, dinette and in engine compartment.
- Hydraulic steering.
- Two cockpit storage compartments with fiberglass covers provide concealed storage.

- One piece engine hatch cover provides easy access to the engine compartment.
- Engine hatch cover release inside main cabin.
- Efficient engine compartment ventilation system.
- Large self bailing rope and chain locker below foredeck.
- Automatic bilge pump also operable manually from both helm positions.
- Full navigation, running and anchor lights.
- Mirrors on inside wall of head and on outside of head door.
- White vinyl head liner adds brightness to the cabin.
- Wired for installation of adequate powered winch.
- Forced air windshield defogging system.
- Light in engine compartment.
- Owners procedures and information manual.

Standard Commander Equipment

- Electric horn on bridge.
- Bow roller, deck pipe and mooring bit on foredeck.
- Full running and anchor lights.
- Dual windshield wipers.
- Compasses at both helm positions.
- Engine hatch cover release in cabin.
- Hand pump oil change kit.
- Automatic bilge pump.
- Hide-a-way garbage container.
- Dish cupboard with dishes.
- Recessed paper towel holder.
- Liquor bottle cabinet.
- Utensil drawer under dinette table.
- Gas vapour detector with alarm.
- Propane tank remote controlled shut off at galley.
- Dry chemical fire extinguisher.
- Hot water tank heated by shore power or by engine cooling system.
- Two speed automotive type cabin heater.
- Shore power connector.
- Propane stove with oven.
- 12/110 volt refrigerator.
- Open shelves in foreberth.
