30' STANDARD PLAN

30' ALTERNATE PLAN

## **Commander** Features & Equipment

### Standard Commander Features

- Textured walk around dock facilitates docking and fishing.
- Large aluminum fuel and fresh water tanks situated on centre line to avoid variation in boat trim from changes in fuel and water volume.
- One piece deck design eliminates use of windows as structural components avoiding leaks and breakage inherent in conventional design.
- Upholstered lower helm seat situated well forward for superior vision when under way.
- Enclosed standup head with recessed medicine cabinet, vanity with sink, shower mixer, shower curtain and self draining fiberglass base.
- Teak galley with propane stove and oven, 12 volt refrigerator, sink, four drawers and cupboards, free counter space and a pullout cutting board.
- Pressurized fresh water system provides hot and cold water on demand at both sinks and at shower head.
- Foreberth privacy ensured by full bulkhead and louvred teak door.
- Upholstered four place dinette converts quickly to double berth.
- Drapes or curtains on all windows and windshields.

- Extensive storage forward of bridge bulkhead, in cockpit, engine compartment, under foreberth and dinette, and in galley drawers and cupboards.
- Easily cleaned insulated bait and catch tanks with fiberglass covers to protect and preserve your fish.
- Locking fish rod box in cockpit area protects and stores fish rods.
- Self bailing cockpit with large scuppers.
- Full width fiberglass swim grid with molded hand holds to simplify recovery of swimmers and their equipment.
- Circuit breaker protected shorepower connection with 110 volt outlets at galley, dinette and in engine compartment.
- Hydraulic steering.
- Two cockpit storage compartments with fiberglass covers provide concealed storage.
- One piece engine hatch cover provides easy access to the engine compartment.
- Engine hatch cover release inside main cabin.
- Efficient engine compartment ventilation system.
- Large self bailing rope and chain locker below foredeck.
- Automatic bilge pump also operable manually from both helm positions.
- Full navigation, running and anchor lights.
- Mirrors on inside wall of head and on outside of head door.
- White vinyl head liner adds brightness to the cabin.
- Wired for installation of adequate powered winch.
- Forced air windshield defogging system.
- Light in engine compartment.
- Owners procedures and information manual.

### **Standard Commander Equipment**

- Electric horn on bridge.
- Bow roller, deck pipe and mooring bit on foredeck.
